

PC — BUILDERS

BUILDING FOR THE FUTURE

NEW BUILD
CONVERSION
REFURBISHMENT
EXTENSION

PC Builders Ltd are an award winning modern building company having traded for almost 30 years in the South Hams area.

PC Builders isn't just another building company. Every little detail is considered and important.

its all in the design and build

As a family business, we value that you are investing in your home and want it to be practical and beautiful. We hope to enhance your lifestyle and provide you with a finished product you love.

PC Builders Ltd are a modern building company, completeing a diversity of projects from new builds, conversions, refurbishments including listed building and a variety of extensions, large and small.

The company is owned and managed by Paul and Clare Collings and their daughter Zoe who has recently joined the company. The company works with a variety of well respected architects to ensure a well organised and less stressful project for the client. Zoe, who has a degree in Business Management is the newly appointed business development manager, working closely with Paul and the work force to create efficiency within projects.

Its not every day that you are able to build your own home - its one of those big decisions you make that will impact your lifestyle.

be inspired

Homes not only create an overall impression but are very important in terms of practicality and requirement. Not only do you need to think about how your house will be used, you also have to make sure it works with your needs and that it meets building regulations and insurance requirements.

Our team will work hard with you on design ideas, specification and the bespoke nature of your build while managing the intricate detail that architects require.

The amount of time, effort and discussion put into each project, ensures every finish and every aspect is considered.

quality

We really do take pride and responsibility for each aspect of the build to ensure we are happy and that it meets our quality control.
